

# ACI CONFERENCE

**2022**  
July 24-27

## 2022 ACI CONFERENCE

### Worth The Trip!

The Tennessee Wildlife Resources Agency is excited to welcome the Association for Conservation Information back to Nashville. We have presentations from R3 professionals, marketers, communication directors, tourism, educators, influencers, and industry professionals on the agenda to help us better understand how to reach generations X, Y, Z and beyond.

The Country Music Hall of Fame is where we will kick off the week with a welcome reception. Attendees will have exclusive after-hours access to tour the museum with hors d'oeuvres and beverages, then finish off the evening with a private acoustic concert, featuring two hit songwriters with plenty of hits and stories to share. You don't want to miss this! To wrap up the week, we will announce the 2021 ACI Award winners at the one and only Johnny Cash Museum. This will be a night of music, food and recognition for the hard-working conservation communicators across the country.

There's no better place to experience music than Nashville, a city of storytellers and dreamers, where all are welcome with an authentic, friendly, creative spirit. Come discover all the city has to offer and meet with the best of the best in conservation communication from state and federal natural resource agencies across the country.
